

BINSFELD ENGINEERING INC.

Good. Better. Binsfeld.

**PRESS RELEASE - October 2008**

Binsfeld Engineering Inc., manufacturer of rotary temperature transmitters for heated godet rolls, has enlisted Inditech International to represent Binsfeld products in India. Inditech has over 20 years of experience in the Indian textile market representing predominantly Japanese textile machinery manufacturers.

Mr. Michael Binsfeld, President of Binsfeld Engineering, traveled to Mumbai in late September to visit potential customers with Inditech CEO Pradeep Sinha and Deputy Manager Kanan Dalal. "India represents a solid opportunity for growth of our international sales," Mr. Binsfeld remarked upon return from his trip.

"We are pleased to add Binsfeld Engineering as a principal in India," said Mr. Sinha. "We plan to showcase Binsfeld products at the upcoming India-ITME exhibition being held in Bangalore in November."
